CHARACTER COUNTS!®

Changes lives

CHARACTER COUNTS! is the nation's most widely implemented approach to character development.

We specialize in making character development a vital and useful tool for creating the kind of school or organization where children thrive. We reach more than 7 million young people through thousands of schools, nonprofits, and agencies. We provide professional development, free resources, materials, and support that change the climate of schools, organizations, and communities. It works!

Nonprofit, nonsectarian, and nonpartisan, CHARACTER COUNTS! unites people around a common language of values called the Six Pillars of Character:

Trustworthiness
Respect
Responsibility

Fairness
Caring
Citizenship

Our training spells out how to create workable, sustainable goals using the Six Pillars in every aspect of your school community. This is not a curriculum. It's a powerful means to advance your school's curricular goals.

CHARACTER COUNTS! In-Service Days

We'll customize the day at your school.

Here's just a sample of our innovative programs:

Bullying. We'll teach you how to intervene, combat cyber-bullying, and promote a positive school climate to make sure all your kids get the treatment they deserve — not the treatment they're getting.

Parenting. Many schools list parents as their single biggest challenge. We can work with your parent body to ensure better communication — and cooperation.

Curriculum Integration. We'll show you how to seamlessly weave character messages and themes into your state standards-aligned curriculum.

Leadership. Teach students to lead the way to a better school climate. Service learning, mentoring, role-modeling, and intervention strategies will be highlighted.

Sportsmanship. You'll learn how to build staff buy-in, combat hazing and bullying, and encourage healthy decision-making while building good sportsmanship.

Introduction to CHARACTER COUNTS! A whole staff introduction to the T.E.A.M. (Teach, Enforce, Advocate, Model) approach and the Six Pillars of Character.
