

## Instructional Strategies

Effective teachers promote bell-to-bell teaching. They successfully and intentionally engage their students in dynamic learning activities through the use of effective instructional practices.

The Instructional techniques and strategies to improve content and character outcomes are:

### Organizational

- Setting objectives
- Lesson planning
- Summarizing & note taking

### Intentional

- Cues
- Questions
- Mining the academic curriculum for character connections

### Experiential

- Role-Play
- Activities
- Vicarious Experiences
- Decision-making

### Reinforcing

- Homework
- Practice
- Feedback
