#### Discuss

Use these questions to start meaningful conversations about love.

- Why do you think trust is important in families and friendships?
- What are some small things we can do every day as a family to build more trust with each other?
- How does trust help love grow stronger in relationships?

#### Activity

- Create a family trust tree.
- Explain that trust is like the root of a family tree and that trusting actions help love grow into beautiful leaves.
- On a large piece of paper, draw the trunk and branches of your tree.
- Create the leaves using sticky notes or smaller pieces of paper. Each leaf should represent one way your family can show trust to build love.
- Display your tree of love as a reminder to continue to build strong relationships rooted in trust.
